Real Original

YOUR SAN DIEGO CONNECTION

What do we do?

We provide local expertise and connections to out-of-town entities seeking to produce content in San Diego. We're a nimble flexible team that caters our services to the needs of each client and project. Our team's expertise and proficiency as Producers and Production Managers will seamlessly bring your production to life in our backyard.

Why use a local resource?

Planning a smooth production out of town without resources and personnel on the ground always presents a challenge. That's where we come in. Knowing the nuances of permitting, locations, dependable top-notch people, and every meticulous detail specific to the San Diego area allows you to focus on the end goal of your production rather than the logistical details needed to get there.
